

UserService	
Responsibilities	Collaborators
-Create new user	-UserRepo
-Deactivate user	
-Get user profile	

UserRepo	
Responsibilities	Collaborators
-CRUD operations on User entities	-SessionFactory

data.User	
Responsibilities	Collaborators
-DAO for User table	

data.Message	
Responsibilities	Collaborators
-DAO for Message table	

data.Match	
Responsibilities	Collaborators
-DAO for Match table	

data.MatchStatus	
Responsibilities	Collaborators
-DAO for MatchStatus table	

MessageService	
Responsibilities	Collaborators
-Send new message	-MessageRepo
-Read messages	

MessageRepo	
Responsibilities	Collaborators
-CRUD operations on Message entities	-SessionFactory

service.Message	
Responsibilities	Collaborators
-Send new message	-MessageService
-Read messages	-service.Message

MatchRepo	
Responsibilities	Collaborators
-Crud operations on Match entities	-SessionFactory

MatchService	
Responsibilities	Collaborators
-Create match	-MatchRepo
-Get match	
-Update match	

ChessPiece {Abstract}	
Responsibilities	Collaborators
-Template for each game piece	-King
-Declare methods for Pieces to define	-Queen
n-erd-default-text-field	-Knight
n-erd-default-text-field	-Rookin-erd-default-text-type
n-erd-default-text-field	-Bishopin-erd-default-text-type
	-Pawnin-erd-default-text-type

King	
Responsibility	Collaborators
- Implement abstract Piece methods for King	ChessPiece

Queen	
Responsibility	Collaborators
- Implement abstract Piece methods for Queen	ChessPiece

Knight	
Responsibility	Collaborators
- Implement abstract Piece methods for Knight	ChessPiece

Rook	
Responsibility	Collaborators
- Implement abstract Piece methods for Rook	ChessPiece

Bishop	
Responsibility	Collaborators
- Implement abstract Piece methods for Bishop	ChessPiece

Pawn	
Responsibility	Collaborators
- Implement abstract Piece methods for Pawn	ChessPiece
